

What is cyber safety?

Online you can explore in-depth knowledge, express your creativity, and meet people from all over the world.

1st fact

CYBER SWAT

2nd fact

Cyber safety means using the internet while being aware of the risks and taking steps to protect yourself and others.

Revealing too much personal information.

Inappropriate, offensive, or disturbing content.

Cyber bullying.

Online predators.

The Pledge

I will think before I post.

I agree not to post information or images that could put me at risk, embarrass me, or damage my future. This includes my home address, my phone number, sexual messages, and inappropriate pictures and videos.

I will respect other people online.

I will not post, send, or forward anything rude, offensive, or threatening, or that might embarrass, hurt, or harass someone. I will not take anyone's personal information and use it to damage their reputation.

I will be careful when meeting online friends in person.

I agree to ask my parent or guardian for permission, to meet in a public place, and to have a trusted adult accompany me.

I will protect myself online.

If someone makes me feel uncomfortable, or is rude or offensive, I will not respond. Instead I will save the evidence, tell a trusted adult, and report the problem.
